Mr. E. C. Harlow was employed to clean and smear them. Since the work done by Doctor Harlow the wells have been making 142 to 146 barrels.

The Oklahoma-Victor well in section 27-18-2w, on the E. R. Poole farm near Poolville, is drilling at 300 feet in a hard formation which has given a great deal of trouble in the way of broken tools. A light showing of the Homer oil sand was struck in this well at 226 feet.

Mr. E. C. Harlow has a contract with Ft. Worth parties to drill a well in the Graham district soon. The exact location will not be made public at present, but it will be a short distance northeast of the Kirk operations in section 31-2-2.

Toots are being moved from the Crittenden well abandoned in section 8-5-2w, to the Burford well in section 26-5-2w, which will be demurred.

The Bullhead company lost a rig by fire last Wednesday morning in section 44-3.

Hoxton Petroleum is drilling to drill No. 18 and 19 on the Kieck lease in section 5-1-2w.

**WOULD ASSIST COTTON AND WHEAT IN CAPITAL.**

Oklahoma City, Jan. 4.—Threshed wheat and ginned cotton represent duties and generally by the first of the year they are in the hands of others than farmers, and in the opinion of Attorney General Grimes are not exempt from taxation by the Oklahoma law which were supposed to exempt raw farm products. He expressed such an opinion before the meeting here of the county tax assessors of the state, which had been called by the State Auditor E. B. Howard. The law was passed in 1915, at a time when the European war had been in progress about a year, and the cotton crop was staggered. Then the "buy-a-bale" movement was taken up in order to get the people to buy cotton, even though they had to hold it a while. The testing of ginned cotton and threshed wheat, the attorney general declared, would not work a hardship on the farmer, because the property is all taxable as of the first of the year and generally in this time the farmer has very little wheat or cotton on hand, consequently he would not be affected.

### WERE SOLDIERS FROEN?

S. S. Price, geologist, of Tulsa, passed through Ardmore yesterday on his way to the north Texas fields.

Gypsy's W. B. Johnson No. 3, section 28-28-3w, is drilling at 550 feet.

Gypsy's Pruitt No. 2, section 28-28-3, is drilling at 1,150 feet.

Gypsy's Lindersmith No. 2, section 33-23, is drilling at 1,150 feet.

Gypsy's Moncrief No. 2, section 32-23, is drilling at 1,450 feet.

Gypsy's Fitzgerald No. 1, section 28-23, is drilling at 615 feet.

Key's well No. 5 has come in as a gasser, and the flow is said to be strong, but in any of the other wells, this is the fourth big gasser in this field and is located in section 23-18-10w.

A letter has been received from P. H. Lively, "somewhere in France," dated Nov. 12 and 13. He says he is working hard every day, but does not say what the work is. It is supposed, however, that Mr. Lively is drilling water wells.

The Roxana Petroleum company is starting a big tank farm in section 8-4-3.

Pat Cole of the Republic Supply company and Robert Disney are in the Burkhardt field looking over conditions there.

The well recently drilled to the 270-foot sand by T. E. Rowland and associates on the Jeffrey home place in the village of Graham found 23 feet of very compact sand which will probably have to be shot to make a well.

S. B. Bennett of Oklahoma City, connected with the VanWinkle Oil & Gas company, is in the field. This company has production in section 34-3. Several months ago the wells on this lease were making 35 to 40 barrels, and

### KAISER WON'T ALLOW SOCIALISTS TO ATTEND UNOFFICIAL CONFAB

Petrograd, Tuesday, Jan. 4.—Replying to the Russian protest, the German foreign minister, Dr. Von Kuehlmann, has confirmed Germany's refusal to issue passports to Hugo Haase, Georg Ledebour and Carl Kautsky, socialists, who desired to go to Stockholm to attend an unofficial peace conference.

Dr. Von Kuehlmann stated this report should not be interpreted as an act in opposition to the movement for peace. The German government believed, he said, that the progress of peace negotiations might be hindered by an unofficial conference held simultaneously with the official negotiations.

### URGE MAXIMUM FARM LOAN BE \$25,000

Washington, Jan. 4.—Important changes in the farm loan bank system are the features of the first annual report of the federal farm loan board made public here. The board recommends that borrowing through farm loan associations be tried for another year before making borrowing more difficult than the maximum when credit is to any one borrower is raised from \$10,000 to \$25,000, and that new loans be issued in denominations of \$20 and \$40.

The board also recommends that a loan of \$100,000 be made available to the government to help the farm loan associations to make up for the shortage of power due to a large number of engines in the shops, and shortage of both men and material to make repairs.

The congestion at Conway Yard at Pittsburgh is due to shortage of power and inefficient help. The congestion on the Western Maryland and the Cumberland divisions of the Baltimore and Ohio is due to embargoes.

The Baltimore and Ohio on one point was reported to have 7,800 cars of coal, although 1,000 is a normal number.

These reports were forwarded immediately to A. H. Smith, assistant director general at New York, with instructions to encourage traffic from the heavily loaded roads to those operating normally.

Highway labor and heavier restrictions against the creation of Director General Mead and like staff today along with the movement of coal to northern and the east.

Heads of the four railway brotherhoods were called into conference to discuss the general employment situation and grievances, control. The railroads had no intention of releasing their demands for pay increases until the end of the month, but the unions had agreed to let the negotiations go on until the end of the month.

John Grimes, president of the Oklahoma City Chamber of Commerce, has called a meeting of the commissioners of the chamber, followed another session which began at 10:30 a.m. and adjourned at 12:30 p.m. Grimes was injured when an automobile turned over. Both drivers were broken. This is the first time the commission has ruled on a case of this specific character.

Western and Southern roads have been notified that they will be called on to furnish locomotives and equipment, and possibly employees, to assist in clearing the eastern congestion.

**EUROPE AIDS ZIONISTS; MAGGON TRAVIS GIVES \$25,000**

New York, Jan. 4.—Done more than one-third of the \$100,000 first being voted for Palestine, says the committee on establishing a Jewish home here, whose funds have been subscribed. It was organized last night by Dr. Stephen S. Wise chairman of the provisional executive committee for general Zionist activities.

Passages and cash contributions of \$100,000 were received from the Chicago Zionist convention and \$100,000 also from the Zionist conference at Baltimore. Among the larger contributions are: Jacob Schiff, \$25,000; Mr. Isaac Hirsch, \$25,000; Mr. Joseph Meyer, \$25,000.

John S. Grimes, president of the Oklahoma City Chamber of Commerce, has called a meeting of the commissioners of the chamber, followed another session which began at 10:30 a.m. and adjourned at 12:30 p.m. Grimes was injured when an automobile turned over. **ENFORCED FOOD RATIONING TO COME IN BRITAIN**

London, Jan. 4.—Compulsory rationing is to be put in effect in England soon, it was announced officially.

The food controller, Baron Riddell, said that the department has completed a plan of rationing and that it would be carried out as soon as the cabinet of the cabinet had been re-elected.

More difficulty has been expressed recently, evidently among the senior classes, in obtaining supplies of some articles of food, but this has been due to faulty distribution rather than a lack of supplies.

The English labor unions have made constant demands for compulsory rationing, stating that the present system wastes nothing and at the labor congress last week was warned that a crisis would arise unless energetic measures were taken.

**HOW THIS NERVOUS WOMAN GOT WELL**

Told by Herself. Her Sincerity Should Convince Others.

Christopher, Ill.—"For four years I suffered from irregularities, weakness,

nervousness, and a run-down condition. Two of our best doctors failed to do me any good. I heard so much about what Lydia E. Pinkham's Vegetable Compound had done for others, I tried it and was cured. I am no longer nervous, am regular, and in excellent health. I believe the Compound will cure any female trouble."—Mrs. ALICE HELLER, Christopher, Ill.

Nervousness is often a symptom of weakness or some functional derangement, which may be overcome by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, as thousands of women have found by experience.

If complications exist, write Lydia E. Pinkham Medicine Co., Lynn, Mass., for suggestions in regard to your ailment. The result of its long experience is at your service.

## SOME ROADS CLEAR YAQUIS MASSACRE 36 PASSENGERS

### MADOO GETS REPORT WHICH WILL AID IN OPENING ALL LINES FOR TRAFFIC

Tucson, Ariz., Jan. 4.—H. J. Pow of Los Angeles, and Miguel Martinez of Nogales, Arizona, Americans, were among the thirty-six persons killed yesterday when Yaqui Indians attacked a Southern Pacific of Mexico train south of Empedado, Sonora, according to messages reaching the railroad's offices here.

Traveling Auditor Ralph Snarek, an American, with headquarters at Mazatlan, was wounded. Alberto Joyboy, another American, of the Border Trading company at Nogales, was shot three times, but recovered. Among the dead were Conductor Paredes and an express messenger.

The railroad reports also Mexican federal troops in pursuit of Yaquis encountered a party of raiders last night near Quero de Bahi and lost 12 killed.

The Yaqui losses were not given. A refrigerated train which went from Guaymas returned this morning with the bodies of the dead. The number killed is placed at thirty-six in the latest reports.

Rumor that a number of Mexican young women had been carried away by the Indians has been described by railroad officials.

The attack occurred between Nogales and Lecheria, twenty-four miles from Guaymas. Encountering an obstruction on the track, the engine stopped the train. The Indians, who were riding in the bunch, then attacked. It was soon the rage, except that the massacre of passengers occurred.

The Indians, first through windows and doors until every man, woman and child had been killed or wounded.

The military escort of near seventy men on the train was dispersed.

Returning to the scene of the combat, the Indians found the Indians still carrying off the bodies of the victims, when they were thrown from the express car and several battle follow. In fact the Mexican federal train Indians were scattered with horses and

the safe contained \$20,000 in gold. It was returned intact to Guaymas.

**Yaquis Kill Five More.**

Sonora, Ariz., Jan. 4.—Passenger train arriving here by the Southern Pacific of Mexico reported that Wednesday Yaqui Indians surrounded a village near Querobah, Sonora, killed five persons and wounded many others. They said the dead had been taken to Querobah.
